

Each of the following free body diagrams represents a different problem. From the given data, solve for the missing quantities. Complete solutions for each problem should be shown (use a separate sheet if necessary).

<p>1)</p>  <p>$F_{net} =$</p> <p>$a =$</p>	<p>2)</p>  <p>$F_{net} =$</p> <p>$a =$</p>	<p>3)</p>  <p>uniform motion</p> <p>$F_{net} =$</p> <p>$a =$</p> <p>$F =$</p>
