

Create Your Degree Example

While you do not have to follow this example, it is just something for you to think about and maybe give you some help in getting started with this assignment. It is not a complete example, just a single year to show you what it could look like. Remember, you must do all four years of your degree, completing your major and your minor in full. Use the Degree Module Sheets as your rough work to make sure that you have all of the required courses as well as the correct number of courses. If you need any help, just ask!

Name: Jason Hatch

Degree Module: Honors Specialization in History, Minor in Political Science

First Year:

List all first year courses that you will take in history and political science, including pre-requisites (if any)
For your elective classes, you can just write "Plus two (or whatever number you have) elective courses"

Second Year:

History 2205E – Canada: From Confederation to the Present
- no pre-requisites

History 2301E – The United States, Colonial Period to the Present
- no pre-requisites

History 2403E – Europe and England in the 16th and 17th Centuries
- no pre-requisites

Political Science 2230E – Canadian Government and Politics
- pre-requisites: Political Science 1020E

Plus one elective course

Third Year:

List all courses that you will take in history and political science, including pre-requisites (if any)
For your elective classes, you can just write "Plus two (or whatever number you have) elective courses"

Fourth Year:

List all courses that you will take in history and political science, including pre-requisites (if any)
For your elective classes, you can just write "Plus two (or whatever number you have) elective courses"

Total Credits: 20

Total History Credits Needed/Taken: 9/9

Total Political Science Credits Needed/Taken: 4/4
