WHAT IS CIVICS???

Aug 30-2:52 PM

CIVICS - What is it?

Civics means both understanding and getting involved in your community (both school and where you live), as well as how one person fits in to the big picture. Civics is also about power, and how it is used and controlled.

It is important to learn the practical: Who is our Head of State? Head of Government? What are the foundations of our parliamentary democracy? What are the issues? Why do we need to know these things?

The most important aspect of this course is YOU. What do you believe in? What is your personal ideology? Where do you fit on the political spectrum? What does it mean to be a part of the City of Owen Sound? Province of Ontario? and State of Canada?
