

6.4 – Exploring Transformations of Sinusoidal Functions

- GOAL: Determine how changing the values of a , c , d and k affect the graphs of $f(x) = a \cdot \sin(k(x - d)) + c$ and $f(x) = a \cdot \cos(k(x - d)) + c$.
- Using [desmos.com/calculator](https://www.desmos.com/calculator), complete the worksheets in class.
