15% “Try Something New” Assignment

Go out and try an activity you have never tried before!! Examples include: rock climbing, bowling, golf (driving range, golf-o-max), snowboarding, curling, cross-country skiing, downhill, etc. After you have completed the activity, you must submit:

1. A **receipt** showing when, where it took place, and how much the activity costs.
2. A **picture** of you participating and/or a **scoresheet** if applicable (eg. bowling) if a scoresheet is not available, make sure to explain why. You can also take a picture of the scoresheet if that is the only way to document it.
3. A **two page report** on what you thought of the activity (what you liked, what you disliked, would you do it again, why, why not?)

You must tell me what activity you intend on doing for approval. ** See the marking scheme attached**
